## **WORDS TO PONDER**

A Warm Christian Greetings and a Blessed 2018!

“But they that wait upon the Lord shall renew their strength, they shall mount up with wings like eagle, they shall run and not grow weary; they shall walk and not faint.” (Isaiah 40:31)

As I prayed and asked God for direction this year, 2018, God has impressed me of this phrase, “Soar high like an Eagle.” If you are in a situation of feeling tired, weary, depressed, and being hopeless, you might think these words are not for me. How can I spread out my wings and soar high when my strength is fading away and surrounded with so much load to carry on the way.

Reflecting on the way of an eagle, the king of birds is truly amazing how God uniquely created them. There is a presumptuous belief that an eagle has to die in an appointed time but they are also given a chance to live again by choice and have this fiction that at the age of forty the eagle will die if they decide not to go through a really difficult process in order to survive. After completing this process, the eagle will then take its famous flight again. What I love most about the eagle is their ability and power to soar high above the storm. They are the only bird that is not afraid of a storm. Due to hallow bones eagles are light in weight and can fly to the altitude naturally. On the contrary, we maybe have so much weight or load in our own lives that we need to pause for a while and unload unnecessary things on our journey. We know it’s not easy to leave things behind us especially the one so dear to us, feeds our own ego, and gratifies our own flesh which are maybe our old sinful habits, addiction, bitterness, unforgiving, pride, arrogance, regrets, failures, and hopelessness. All of these are just a few of many more hindrances on our way for progress but just like an eagle we need strong wings to take us higher above our circumstances and above everything this world are offering us which succumbs our hearts and our minds away from our Heavenly Father.

Choosing God’s way will preserve our life for eternity but it has to be our choice. God has already provided us the way through His Son Jesus who died for us giving us new and eternal life. Life is

short and death is sure but salvation is free to everyone who believes in Christ. Our first parents Adam and Eve have really a great fellowship with our Heavenly Father in the Garden of Eden but when sin entered their hearts, God separated man from Him. The perfect fellowship between man and God were broken because of disobedience. Sin completely separates us from God. But the good news is, God loves us so much and wants us to be reconciled with Him. *“But God demonstrates His own love toward us, in that while we yet sinners, Christ died for us.”* (Romans 5:8) We are loved, redeemed, and being reconciled through Jesus Christ our Lord. In Him we lived, and moved, and have our being. Our Heavenly Father is just waiting our humble surrender to Him. He loves us dearly us His own and longs our devotion of Him in our lives. He wants us to live a life free of any burden that hinders our progress.

As we reflect on God’s goodness, may each day of our lives here on earth be a channel of blessing for a change. Change that is visible not only in this life, but for eternity. Let us move forward and experience the heights of soaring high without fear of the future. To God be the glory for all that He has done!

Blessings,

Ps Primrose Chavez

## The Christmas Event 2017

Christmas is the most awaited event of the year. It has captured the hearts of many especially young children who are always expectant on receiving something special to treasure. In connection to this, MPFG has created a unique idea of celebrating Christmas this year. We have two sets of programs which required lots of preparations with food, drinks, gift giving, and presentation's arrangement; photo booth, ushering, and stage decoration. Laarni Pabila who is one of our MPFG staff and two of our young professionals, Ashna Rehmat and Elene Joyce Espino also served as the masters of the ceremony in the program. And the rest of the

volunteered teachers served as ushers in the event too. The design on stage was a history. It has demonstrated the birth of Christ (the nativity), His crucifixion, (the cross) and His victory over death and His coming back as the king. (The crown) Jesus is the reason for the

season. One of our gifted student in art B061 Rimark Alagadmo has helped us with the decoration using the Christmas lights for the structure of the design. The Savior's story is to be proclaimed. He was born as a baby, teach as a child, missionary as man, died and arose as victor and will return as king. The first set of the program was designed for presentations from different places which starts from elementary level (Abada, Tangub, Abuanan, Murcia, the Refuge and City Harvest kids) and gift giving took place after the word was shared by Pastor Primrose Chavez.

The 2nd set was for high school, senior high, and college level dance presentation followed by the "Encounter Jesus" night. What a great picture of surrender has taken place during the night of revival. Kneeling and crying before God in worship is a really life changing experienced. The selected young revival team who were:

B011 Austin Rehmat, Ashna Rehmat, Elene Joyce Espino, F053 Cristy Acosta, Menchie Ejosa, and B029 Chelimor Valero were empowered to share a short words of encouragement and have spoken a really powerful words as the spirit have spoken through them. Pastor Joe Chavez then give a closing encouragement and open the floor for an altar call. The program ended by eight o'clock in the evening. Glory to God in the highest, peace on earth good will to men. The gift giving and Christmas party in the newly opened feeding program in Lilo Murcia was also a great success. This little community had never experienced a children's special event or program before, and to have one in their place it has given them so much excitement that they even helped us to prepare the small place to fit us all and have

contributed a small amount of food to share too. This place was opened through MPFG sponsorship program since some of the MPFG beneficiaries are living in this place. Pastor Leo and Arlene Chavez who are faithfully taking care of the work are now regularly holding the worship service and feeding program in this place praying for God's continued provision to

flow and to feed more hungry children in the feeding program. Also, it was such a great delight for some of the children who have received posted gifts, Christmas cards, and financial gifts (for Christmas and birthdays) from their sponsors. What a joy it brings. You may view more of the pictures of these children and the events posted on MPFG Facebook.

## Outstanding, Athletes, Music and Arts Students

MPFG outstanding students have maintained their records as one of the scholastically smart

pupil in school who were: D013 Jezrell Joy Ejosa, E025 Alpha Grace Samillano, E042 Princess Joy Samillano, D029 Jerryme Ditching, B002 Lady Rose Bestiva, E016 Daryl Ann Jamelo, E018 Ann Shielo Jamelo, and E017 Grace Ann Jamelo. Many of our MPFG students are now improving in their class striving to earn good grades also. Some of our athlete in basketball sport who were B052 Ronillo Anas and B017 Diether Rodico are actively competing in school have won with trophies in some of their game competition. Also B028 Mary Grace Lallen for track and field. We have student

dancers too who are joining the interschool competition in the regions and brought back home an award they were: B010 Wheston Joyce Elera, B025

Charles Derobio, and those who are in music ministry: worship leading, B008 Sharon Rose Bestiva, E015 Rona Mae Jamelo, D028 Joshua Ejosa, and E032 Eric James Rodrigazo.

Musical instrument players, B011 Austin Rhemat, E071 Andrian Bacan, A002 Jeremie and A001 John Rey Arancanon who were dancers too, F053 Cristy Acosta, B029 Chelimir Valero, B013 Criscin Jane

Owogowog, A023 Elizabeth Jaron, A008 Jerose Deles, E013 Ruffa Mae Jamelo, E094 Joan Sampong, D035 Geraldine Ramos, A034 Mirasol Antonio, A017 Bevencia Dumdum, A025 Ma. Isabel Benvinida, A060 Nathalia Noenes were some of the

background singers too. D001 Hannah Grace Agua served as the projector operator every Sunday along with other multi-media personnel. Looking forward to seeing more of our MPFG youth and children explore their God-given talents with confidence and continue the JUMP (Jesus Unshakable Movement of Practitioners) towards their future.

## The Refuge Project and Charity

The “Refuge Project” was intended to help selected children who were abandoned, fatherless, and sexually abused. Among many children who are suffering in such conditions we can only

cater a few of them due to our limited supplies and space. In our desire to extend help, God’s miracle provision was evident through the donations being received particularly from Christmas in July fundraiser’s night donations last July 2017 and from the other particular donors who are giving generously. Have also received boxes of goods sent door to door to us for the kids through the kindness and effort of John and Jenny Nardusso who have seen the needs and organized the

packaging with love from Moruya, NSW. The package includes “Days for Girls” packs which are very helpful for young girls and women who cannot afford to buy sanitary napkins due to a short budget for the family. God is so good. On the other hand, dealing with 13 children of different family backgrounds and with different attitudes every day is such a huge responsibility to handle but God has His own way to make it possible as one of our very own MPFG product, Elene Joyce Espino was employed last June 2017 to work with us in the refuge project along with other volunteers through God’s amazing provision. Have also received good comments with regards to one of our refuge child D035 Geraldine Ramos how she has improved from being shy to being active and is now interacting with others, enjoys school, and improved a lot in her studies as the rest of them. We know that each child has a unique ability that needs to be nurtured in the way that motivates them to become responsible in the future. These children are trained to be responsible of their own selves and things, (wash and clean), study well in school, do some gardening, cooking, singing, and dancing but above all is

MPFG PHILIPPINES NEWS LETTER 2017

to train them to love God and His word. It's not an instant process to see the progress but it takes time and effort to see the fruit of our labor together. We cannot determine how long we can keep these children but only through what God has directed us we will by His grace alone. Having no sustainable resources to keep this project going is a great testing of faith for us. It indeed requires an extra miles since we are only dependent on the donations we have received but we know our God is a faithful God and knows no limit. He knows the intent of our hearts and passion and even knows our own limitations. We truly appreciate those who have given generously to the project. Thank you so much. God bless you abundantly!

The charitable act of kindness is not absent in the world of suffering. Without it many lives will

continue to suffer and die without hope of which Kiana Alvarez and her family is on them. This act of kindness is now evident in the family. The Alvarez family is not only enjoying Kiana's continued medication from the diagnosed tuberculosis, but were blessed with a new house safe from flood. Their former house that was flooded, leaking, no toilet, no kitchen and sink, no rooms and bed, are now having these mentioned parts of the house elevated from the ground to be safe from

the flood every time the heavy rain falls. The house is on its finishing work now and this is to put tiles on floor and toilet to keep it clean and be painted. Praise God for the abundant provision for the family that was received from the generous sponsors and donors from last Christmas in July fundraiser. Truly grateful to our faithful MPFG coordinators, Ps Maureen Shepherd and Jacqueline Goelst along with the TVCC team of volunteers for making this thing possible for the family. Great job to you all! This huge provision has brought a great transformation in the family. We also thank God for our two faithful men volunteered from City Harvest Church (Junjun and Jensin) who have work hard to help build the house. The Alvarez

family are now served as a great testimony in the place and will open their house for MPFG life group for fathers and for mothers as well. What a blessing! Glory to our almighty God!

## The Caring Network

The caring network have been instrumentally used by God to extend help to the most needed families especially families of children who were involved in the feeding

programs (widows and elderly) who are in need of extra care but this depends on

the provision we have. The purpose of this ministry is to also personally connect with people showing that we care for them, pray and share to them the blessings. Household and livelihood tips are also a wonderful way of motivating mothers to be productive in life. Many of the mothers were

enlightened and testifies they were personally blessed and experienced the change in the way they think and even coming to church and worship. Transformation is not only happening on the outside but inside the heart. We do collect used clothing, packed rice, noodles, canned goods, etc; to give away

during our visit or after a group meeting which happen in different places

once or every 2 months. The next caring network will take place on March 2018. Also thanked God again for the extra donations received from the Christmas in July Fundraiser

that enabled us in building the structure at Abada Eskay

and now praying for its completion and the fund needed to start a business to generate income for its ongoing operation. The caring network were also able to helped one of the child, Nicole Jamelo youngest sister of E015 Rona Mae and E013 Ruffa Mae Jamelo from Abuanan which is one of our MPFG field whose both legs lost strength and fainted when she tried to stand or walk caused by rheumatic fever and vitamin deficiency. She was admitted in the hospital for about one week and also gone through a therapeutic medication for almost one month. Now Nicole is able to walk again and continued going to school. Praise God for His provision and answering our prayers. God is so good!

## Amazing Provision

*“Call upon me and I will answer thee and show thee great and mighty things which thou know not.” (Jeremiah 33:3)*

What a mighty God we serve. It is beyond our expectation that we could have our own house at last after 28 years and over in the ministry. The amazing team of builders from Southern Life Church in Moruya, NSW whose senior pastors were Ps Marty and Maureen Woodward came with the team leader, John

Nardusso, who have surprisingly offered a help to build us a house after the church building project was done in the mountain of Lantawan, Silay that they have built last February 2017. John came with Graham Brown and Samuel Steiner for ground preparation, planning, and measurement last October 2017 and came back again with his wife, Jenny Nardusso, Garry and Michele Tyrell, Kel, and Cam to help the actual building

construction despite the weather, rain or shine these amazing team have kept going. Keep praying for healing of Graham Brown’s health issues too which prevent him in coming over with Julie, his wife. Julie is supposed to be one of our guest speakers in the ladies conference with Jenny and Michelle at City Harvest Church but we know indeed that God has a better plan and knows what’s best for His children. It is truly an answered prayer for a long time of waiting and trusting God. Dreamed come true at last for our family to have our own private space and live a normal family life which we never have experienced

before as a family since our present house building serves as the multi- purpose place to cater people, children, and the kitchen for church activities and meetings every time teaching us to be thankful in every situation and to wait upon

God. It is such an amazing provision. Words can’t express how truly grateful we are for all of you who have prayed and given us your generous gifts for the building of our

house. The construction is now going on and continuously pray for God's provision until its completion. God is so amazing using amazing people to fulfill His purpose and plans. His will be done. To Him be all the glory!!

### **MPFG Prayer Corner:**

1. Caring Network. God's provision for the completion of the building and funds to start the business to generate income to extend more help.
2. Feeding programs continued provision.
3. MPFG Transport. Three vehicles used to pick up people are not running by now. Please help us pray. We really need your urgent prayers with regards to this. Now renting a transport car every Sunday to pick up people and children.
4. The graduating students and job employment for the newly graduate.
5. Prayers and protection for Children and families.
6. Teacher's training for Summer Class on April 2018.
7. Ladies Conference with Ps Maureen, Jacqueline, and Patricia Ann
8. Summer Youth Camp 2018 with Ps Kevin Donohue and the team.
9. The Refuge children's protection and provision.
10. Wisdom and good health for 2018.

On Behalf of the Mission Possible for Future Generations, we would like to thank you so much for your continued support. Without partners like you MPFG wouldn't be able to reach this far and would never see many lives of children changed and given hope. We will continue to dream big, work hard, and remain humble before God. God bless you abundantly.

Many Blessings,

Ps Joe and Primrose Chavez  
and the MPFG Philippines Team

TO GOD BE THE GLORY, GOD BLESS US ALL!!!
